

AIR QUALITY

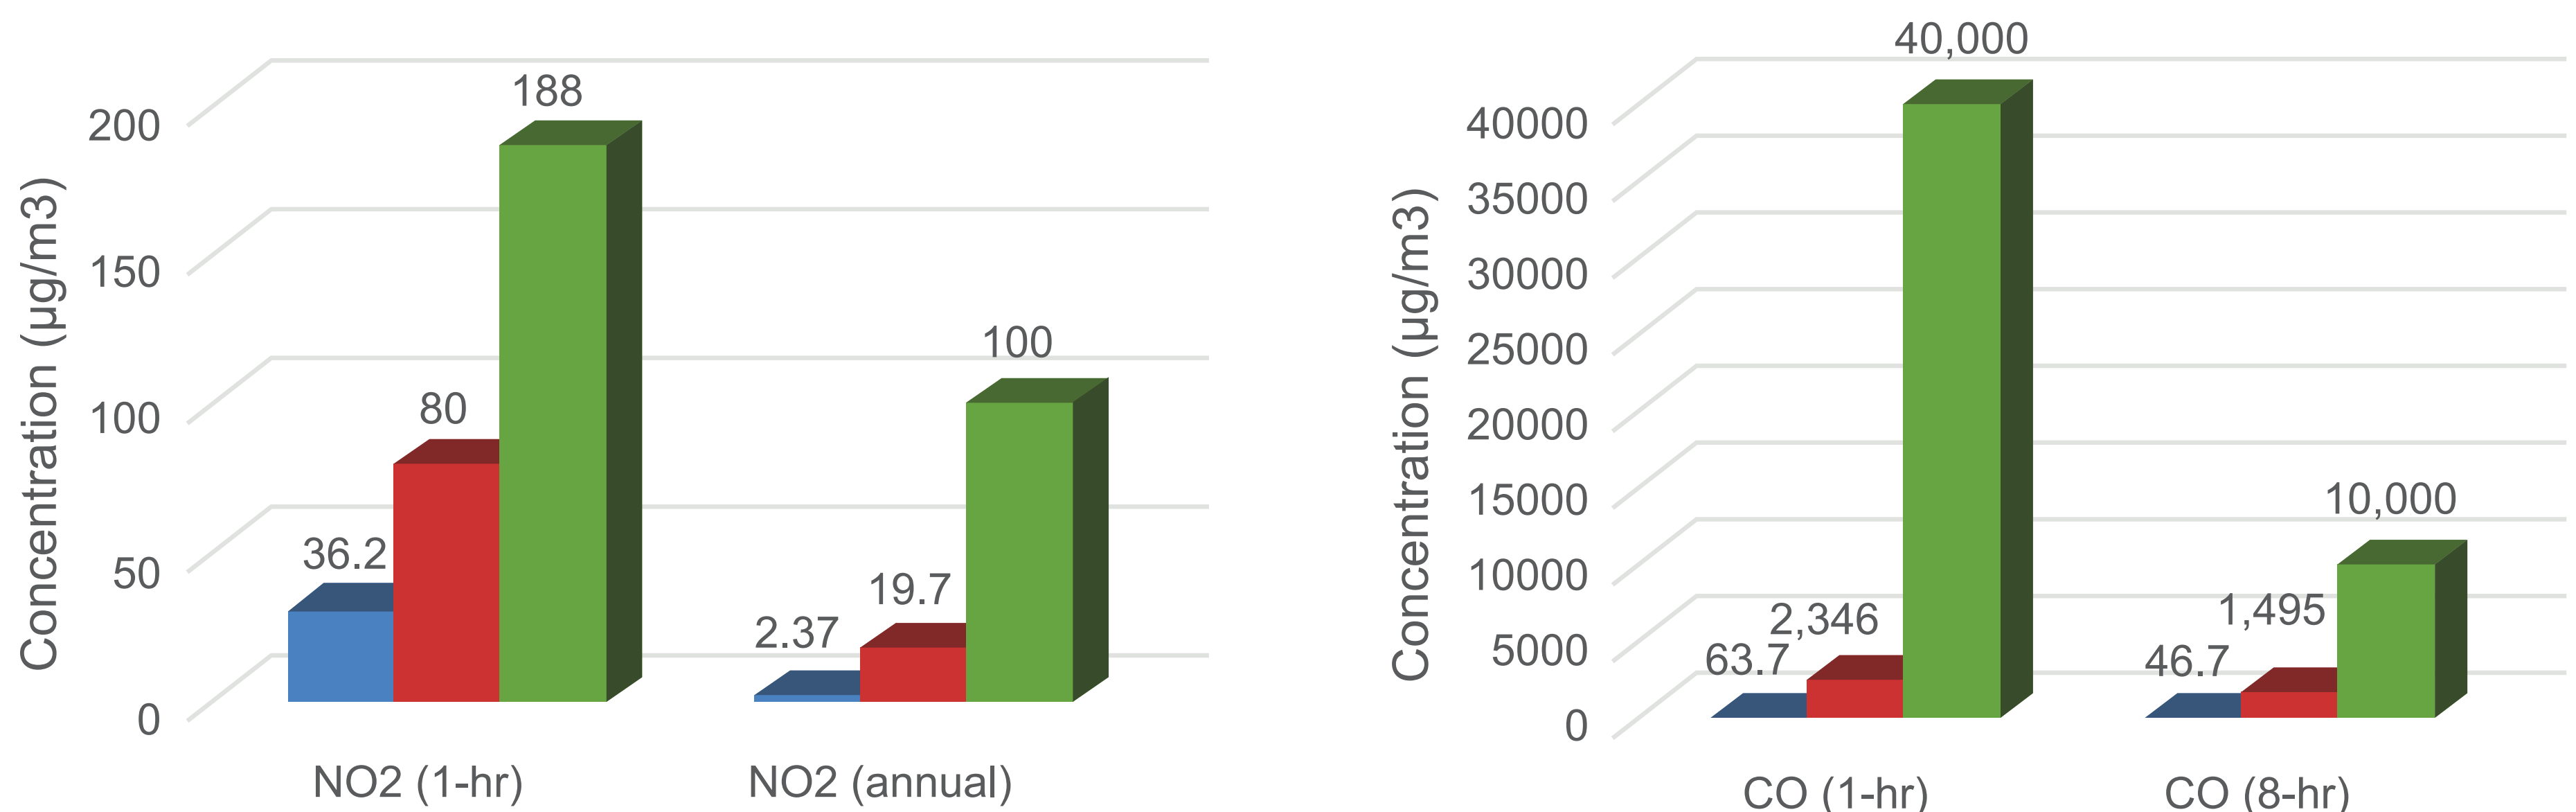

- WE'LL REDUCE EMISSIONS BY REPLACING OLDER, MORE POLLUTING PLANTS, REMOVING THOUSANDS OF TONS OF NITROGEN OXIDE AND CARBON MONOXIDE FROM THE AIR EVERY YEAR.
- RIGOROUS AIR PERMIT PROCESS ENSURES AIR QUALITY WILL BE PROTECTED.

Clear River Energy Center Exceeds Air Quality Standards

■ Clear River Energy Center (impact at nearest residential area)

■ Background and other sources (what is already in the air)

■ National Ambient Air Quality Standard (Safe level, determined by EPA)

The National Ambient Air Quality Standards are standards set by the EPA to ensure the air is healthy to breathe for the most vulnerable members of the populations, such as children, the elderly, and those with respiratory conditions.
